Kan, Kelvin; Fung, Samy Wu; Ruthotto, Lars
PNKH-B: a projected Newton-Krylov method for large-scale bound-constrained optimization. (English) Zbl 07395797

MSC:
65K10 Numerical optimization and variational techniques

Keywords:
bound-constrained optimization; projected Newton-Krylov methods; large-scale optimization; machine learning; parameter estimation

Full Text: DOI

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
