Mart’yanov, E. V.

Summary: The cocompleteness of the category $\text{Tych}^G$ is proved.

MSC:
54B30 Categorical methods in general topology
18F60 Categories of topological spaces and continuous mappings

Keywords:
$G$-space; $G$-Tychonoff space; topological group; uniformity; category; functor

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
